AWS Educate Getting Started with Compute

Issued by [Amazon Web Services Training and Certification](#)

Earners of this badge have completed the Getting Started with Compute training and achieved the required scores on the post-course assessment. They have demonstrated the ability to describe different types of compute and use Amazon EC2 to create a compute instance.

AWS Educate Getting Started with Storage

Issued by [Amazon Web Services Training and Certification](#)

Earners of this badge have completed the Getting Started with Storage training and achieved the required scores on the post-course assessment. They have demonstrated the ability to describe storage solutions and use Amazon S3 to store and retrieve objects.

AWS Educate Introduction to Cloud 101

Issued by [Amazon Web Services Training and Certification](#)

Earners of this badge have completed the Cloud Computing 101 training and achieved the required scores on the post-course assessment. They have demonstrated the ability to create simple cloud applications in a virtual lab environment. They have shown a fundamental understanding of AWS cloud core services and understand the technical roles required for cloud success.

Microsoft Office Specialist: Excel Associate (Office 2019)

Issued by [Microsoft](#)

Microsoft Excel certification earners have a fundamental understanding of Excel and the ability to complete tasks independently. Earners have proven they can create and edit a workbook with multiple sheets, and use graphic elements to represent data visually including professional-looking budgets, financial statements, performance charts, and data-entry logs. Excel earners include students, business professionals, clerical workers, bookkeepers, and others.

Microsoft Office Specialist: Microsoft Excel Expert (Office 2019)

Issued by [Microsoft](#)

Microsoft Excel Expert certification earners have an advanced understanding of Excel, and create, manage, and distribute professional spreadsheets for a variety of specialized purposes. They customize their Excel environments and enhance productivity in custom business templates, multiple-axis financial charts, amortization tables, and inventory schedules. Excel earners include accountants, financial analysts, data analysts, and commercial bankers.
